The Utah Sudden Cardiac Arrest Survival Act (H.B. 31) requires a person who owns or leases an Automatic External Defibrillator (AED) to report certain information including the location of, or removal of, the AED, to the emergency medical dispatch center that provides emergency dispatch services for that area, within 30 days of acquisition of the defibrillator. The act provides for expiration of the AED statewide database on September 1, 2009, and replaces it with local systems operated by emergency medical dispatch centers meaning a public safety answering point (PSAP); referred to in Tooele County as the Tooele County 911 Dispatch Center. The Tooele County 911 Dispatch Center may disclose the exact location(s) of the closest AED if a medical need arises. Fax completed forms to 435-882-3251 or mail form to Tooele County Sheriff's Office, Attn: Lt. Regina Campbell, 47 S. Main St., Tooele, Utah 84074.
